

## Construction White Card

### CPCCOHS100A – Work Safely in the Construction Industry

The *CPCCOHS100A Work Safely in the Construction Industry* Course is designed to provide initial health and safety information prior to commencement of Construction Work in compliance with the statutory requirements of the Queensland & NSW Workplace Health & Safety Acts. The Course includes basic Risk Management concepts, Safe Work Practices and an insight into Workplace Health & Safety legislation and Common Law

#### After completing the course participants will be expected to have knowledge in:

- Hazard identification
- Risk management
- Work Method Statements for High Risk Construction Activities
- Emergency Procedures
- Hazard and Incident Reporting and Recording
- Roles, Rights and Obligations under the Workplace Health & Safety Legislation

#### Upon completion of this course, the following elements of competency will be achieved:

- Apply basic risk management concepts when doing construction work
- Prepare for and use safe working practices when doing construction work
- Interpret and comply with the relevant workplace health and safety obligations and common law when doing construction work

#### Target Population

Expected participants for this course are new construction and other relevant industry workers needing the “White Card” to access a building/construction site

#### Method of Delivery

*Self-Paced:* Brisbane & Gold Coast  
Group Sessions: Sydney

#### Fees
